

5TH FEEDER ANGLING WORLD CHAMPIONSHIP FOR CLUBS

CAVANELLA PO – APRIL 9 AND 10 2022

Welcome, dear angler friends,

I am delighted to express on my name and on behalf of the Italian Sport Fishing and Underwater Activities Federation (FIPSAS), the best greetings to all participants at the Feeder Angling World Championships for Clubs that this year is going to take place from April 9th until 10th 2022, in a charming area of Veneto Region, along the Canalbianco bank.

I am sure that all attending athletes, who will join Rovigo as well as all managers, judges and stewards will find a way to explore and appreciate our beauties and taste Veneto people's hospitality and of all those who have made all efforts for the organization of this sport fishing important event.

I am particularly delighted to express my warmest welcoming to all in the aim to live together some happy days in the name of sport.

A special "good luck" to all Judges convened to manage this race, in the certainty of their professional and fair commitment they have also expressed in precedent occasions.

Finally, I wish to thank the organizing Committee and his President, the local authorities and all journalists for their support and contribution for this event's good success.

The FIPSAS President
Prof. Ugo Claudio Matteoli

Dear friends,

a big welcome to all participants to the Feeder Angling World Championship for Clubs, which takes place this year in Loreo.

The Canalbianco is one of the most beautiful locations among the competition fields in the world; the natural environment in which the Championship takes place represents the Veneto, a region that believes in the environment, in sport and above all in tourism.

You will be welcomed in the Rovigo area with cordiality and courtesy and you will find a remarkable range of services that will make you spend unforgettable days.

I would like to take this opportunity to thank the Fipsas Committee of Rovigo, which with great enthusiasm and competence was involved in the organisation of the Championship and the Veneto Regional Committee, which supported it.

I would like that this international event leaves a good memory to all of you, both from the sporting point of view and as regards your presence in Italy.

I would like to close this greeting by thanking all of you, athletes, captains, managers and companions for deciding to participate in this important event despite the difficulties that the Covid 19 pandemic has caused our planet.

Antonio Fusconi
Responsible of FIPSAS Sport Fishing division

OFFICIAL PROGRAMME

From: Sunday 3 April 2022 (arrival of teams)

To: Monday 11 April 2022 (departure of teams)

INFORMATION ABOUT LOREO CITY

This city is located in the “*Basso Polesine*” between the Adige and the Po river. A series of little streets leading into “*Piazza Longhena*”, which preserves its ancient appearance next to the Cathedral (1658), rich of many artworks.

Next to the Cathedral, there is also the “*Oratorio della SS. Trinità*”. Another important element is also the Church of “*Madonna del Pilastro*”, the oldest church of the “*Basso Polesine*” built presumably in 1153.

THE COMPETITION VENUE

The competition will take place on the “*Canalbianco Fronte Chiatte*”, Municipality Cavanella Po (Rovigo) and Piantamelon Municipality Adria (Rovigo).

The venue for the competition is about 4 km long and the average width is of about 90 m while the average depth is of 4 m.

It is a navigable canal and it is 15 km far from the sea where it flows. No sluices regulate the water stream, so it is subject to tides, which can cause a water level variation up to 1 meter.

Rare weeds are present in the canal and the bottom is quite regular for fishing.

The water stream is strongly affected to tides, with upstream and downstream movements.

THE FISH SPECIES

The main fish species to be caught in Canalbianco are: breams, from small size to big size up to 2000 g; in less quantity also crucian carps, mullets, bleaks and others. No minimal sizes are requested.

Fishing of Wels catfish (Silurus Glanis) is prohibited and will not be counted.
