## 1. INTRODUCTION

Mérida is a city and municipality of Spain, part of the Province of Badajoz, and capital of the autonomous community of Extremadura. Located in the western-central part of the Iberian Peninsula, the city is crossed by the Guadiana and Albarregas rivers. The population was 60.293 in 2023.

The city of Emerita Augusta was founded by order of the Emperor Caesar Augustus in the year 25 BC to house the soldiers of the Cantabrian Wars, veterans of the V Alaudae and X Gemina Legions.

From the beginning, it was a walled city in which buildings for public entertainment were of special interest (Theatre, Amphitheatre, and Circus), in addition to the Forums, temples, baths, reservoirs, and other buildings that were included in the city, as well as buildings for housing and public squares. Especially relevant was the Roman Bridge over the Guadiana, one of the longest in the Empire, which became an important communications hub, something that is consistent with the importance of the city. With the arrival of the Visigoths, the city continued to maintain its importance and it was not until after the presence of the Arabs that it began to decline, being almost ostracized until the twentieth century. Since 1993, Mérida has regained its greatness as, in December of that year, it was declared a World Heritage Site by UNESCO. Thus, the city's touristic merit has been recognized, and tourism is one of its economic drivers.

## 2.6 FIPSED OFFICIAL RULES

FIPSED Rules are on website [www.fipsed.com](http://www.fipsed.com).

[https://www.fips-ed.com/wp-content/uploads/2025/02/Reg\\_FIPSED\\_Nation\\_2025\\_en\\_def.pdf](https://www.fips-ed.com/wp-content/uploads/2025/02/Reg_FIPSED_Nation_2025_en_def.pdf)

## 2.7 ANTI-DOPING INFORMATION - TUE REQUESTS

The athletes participating in the Championship, with the registration, implicitly accept all WADA anti-doping rules. Athlete whose illness or condition requires treatment with a prohibited substance or method must apply to CIPS for a Therapeutic Use Exemption (TUE) following the CIPS strict TUE application process.

He/she shall then use the application form, which can be downloaded from the ITA website: <https://ita.sport/resource/international-testing-agency-therapeutic-use-exemption-tue-application-form/>

The TUE request has to be sent to the following address: [tue@ita.sport](mailto:tue@ita.sport)

Athletes must therefore consult the Prohibited List [https://www.wada-ama.org/sites/default/files/2023-09/2024list\\_en\\_final\\_22\\_september\\_2023.pdf](https://www.wada-ama.org/sites/default/files/2023-09/2024list_en_final_22_september_2023.pdf)

If the TUE is granted, the athlete will then be permitted to use the medication during the period of validity of the TUE without committing an Anti-Doping Rules Violation (ADRV).

Regardless of whether a TUE has been granted or not, athletes should always declare on the doping control forms filled out during sample collection any medications and supplements taken within the seven days prior to sample collection, and any blood transfusions in the three months prior for blood samples.

If a TUE has already been granted by a NADO or by a RADO, the Athlete in question does not have to apply for any additional CIPS TUE, as CIPS recognizes all TUE granted by NADOs and RADOs.
